Mixed Netball Continues This Week With Finals Matches!

After a wonderful display of netballing prowess during Monday's lunchtime match between The Staff and the Year 12 Goals, the competition this Monday turns towards our finals games. This week sees the undefeated staff team take on Serpentine in the main game, with Bridgewater (thank goodness they have only played for one week!) taking on the Year 12 Goals (who are still hurting from their loss to the almighty staff!) in the 7:00pm game. The Lawkles and Raywood will fight it out for the 6:30pm honours, with Calivil Tennis and The Wiz Warriors doing battle in the 6:00pm match.

On behalf of all involved in the 2018 Turkey Trip, we would like to sincerely thank all who have taken part in this community fund-raiser. The competition has been a great deal of fun and has served as a terrific way in which to bring the community and school together. Special thanks are extended to Micheal, Nicky and Jasmine Lawry for their efforts with this event!

Mixed Netball Finals Draw (Monday 5-6-2017)

Game Time	Match Details
6:00pm	8. Calivil Tennis Vs 7. The Wiz Warriors
6:30pm	6. The Lawkles Vs 5. Raywood
7:00pm	4. Bridgewater Vs 3. Year 12 Goals
7:30pm	2. Serpentine Vs 1. The Staff

All finals matches are held in the recently refurbished College gymnasium this Monday night, with a BBQ and soft-drinks/water also available on the night. Hope to see you there for what should be a great final night!

Lions Club Centennial Celebrations

Lions International celebrates its 100th Anniversary on June 7th this Year, and our favourite Lions Club –Lions Club of East Loddon- also celebrates its 35th Year of service to the East Loddon Community. To mark these significant milestones, the Lions Club of East Loddon is holding a Centennial Celebration at The Lions Den, next Wednesday 7th June. All staff and students will attend this celebration, along with children from Dingee Preschool, to mark this special occasion. There will be a sausage sizzle at 12:30pm, followed by the official unveiling of a Lions mural at 1:00pm. Students from our College have worked on this mural with Mrs Heaslip and Mr Aurisch and the finished product is sure to impress!

Can You Please Assist Brittany With Her Visual

Communication Assessment Task

Year 12 student Brittany H is currently studying VCE Unit 3/4 Visual Communication and Design. As part of her current assessment task, Brittany requires some community feedback through a survey which is attached to the end of this newsletter. It would be very much appreciated if as many families as possible could please assist Brittany with this request. Families are asked to contribute to this survey and return it to the College before Thursday 8th June. Surveys can be returned to the College office or emailed to Brittany directly at brittanyhenderson99@gmail.com.

College 'Pineapple Chart'

College Curriculum Leader Mrs Clare implemented a 'Pineapple Chart' in the College staff room last week which in very basic terms, allows staff to identify lessons across the week in which they have a classroom open to all staff. This allows other College staff to come along to a particular lesson and see a fellow staff member taking an actual lesson. We are very keen for consistency in our teaching at East Loddon and the chance to learn from and support our peers in a very rewarding form of professional development. I thoroughly enjoyed watching Ms Harrington conduct a 'rock-band' session with Year 6 earlier this week, and also immersed myself in a Year 9 humanities class based around World War 1 timelines with Mrs Clare. Today, I was also fortunate enough to be exposed to Mr Wilkinson teaching his VCE Mathematics class about 'perpetuities' and 'annuities'. Ask any of the Year 12's involved in this session and they are sure to be able to give you an accurate account of these terms.

Student Attitudes to School Survey

As mentioned in previous editions of this newsletter, I will be conducting Student Attitudes to School Surveys

with students between Year 4 and 12 over the course of the next 2-3 weeks. As a College, we are very keen to know what our students think about a range of aspects regarding their schooling at East Loddon, and the survey itself will assist us in ensuring that we continue to work towards improving each child's schooling experience.

This survey is an annual student survey offered by the Department of Education and Training and will this Year be delivered online.

Primary Maths Science Specialist Training

Yesterday I attended the final training day for the Primary Maths Science Specialist Program of which we have been a part of for the past 18 months. Our specialist coaches Miss Pilkington (Science) and Mr Kidman (Maths), spent the first three days of this week at training days in Melbourne and will now continue in their specialist coaching positions until the end of the Year. The aim of this program is to build the capacity of staff and quality of curriculum delivered to our primary classes, and the challenge for all schools involved in this program is to ensure that the positive benefits of such a program continue within the College after the program has officially come to an end.

Respectful Relationships 'Partner School'

I am very excited to report that East Loddon P-12 College has very recently been accepted as a Partner School in the implementation of Respectful Relationships at the College. This program is mandatory for all Victorian Government and Catholic schools as of this Year, and as a partner school we will receive assistance from a Leading School in the initial implementation of this program which is to begin in Term 3.

College staff member Ms Fiona Phelan will lead the implementation of this program in Health classes from Years 7 – 10 during Semester 2, and we look forward to working together with our Leading School, along with other local schools, to implement this very worthwhile program for our students.

Youth Mental Health First Aid Course – Placements Finalised Shortly!

In 2016, the College was fortunate enough to be able to host a Youth Mental Health First Aid Course, which was well attended by the College community and spoken very highly of by participants. Once again this Year the College will host a course, with Mr Greg Currie once again presenting. The course is tentatively planned for Thursday 27th and Friday 28th of July, with approx. 6 hours of course tuition on both days. The target audience for this course is parents, community leaders and sporting club leaders, as well as education staff.

Please make contact with the College office to express an interest. Names are required asap in order to ensure a placement in the course.

For further information on this course please take a look at the following link - <https://mhfa.com.au/courses/public/types/youth>

I hope you have a great week.

**Steven Leed
College Principal**

P-4 Update

Building Strong Foundations

P - 4 Sub-School

STUDENT OF THE WEEK

Prep Zali for her imaginative writing.

Year 1 Archer for reading the Rainbow Serpent to the class with great fluency , pausing and voice.

Year 2 Andrew for writing a narrative with growing descriptions and confidence

Year 3 Keira for her tremendous enthusiasm and work in Science.

Year 4 Molly A super class member who works diligently on her work and is always a “model’ student to peers.

You Can Do It! ORGANISATION

Prep—Lucas C

Year 1—Noah

Year 2—Chloe

Year 3—Oliver

Year 4—Marissa

Reading Clubs-

100 Nights of Reading	Y4-Drew Y3-Hayley, Keira Y2- Angus, Kiara, Billy and Georgia Y1-Noah, Archer, Angus and Ethan Prep- Jessica
-----------------------	---

Prep Letter in Focus-

Our Preps are revising the ‘r’ sound as in ‘Rusty Robots’. They are also exploring the ‘air’ sound as in ‘There is a chair’.

Prep Words To Fluency

The words to fluency this week are ‘come’ and ‘of’

Literacy Hint

Visualisation- Talk is a powerful tool for helping a child visualise scenes, characters and objects. The adjectives introduced and consolidated will also enrich your child’s writing. Writing is about creating/ painting images in the reader’s mind. For example, without the presence of adjectives, the word ‘dog’ conjures up as many images as there are readers. Good writing is where all reader visualise the same picture. Where ambiguity arises, ask your child to describe what they think something may look like.

Handwriting- Key elements to neat handwriting include hand-eye and fine muscle co-ordination. You can assist your child to develop co-ordination skills by encouraging them with construction activities whether it be:

- commercial (eg Lego) or home based (playdough/ wood)
- small piece jigsaws
- finger stitch, weaving, sewing or knitting (There’s a challenge) or threading (beading)
- dot to dots, tracing or colouring.

You can probably think of a dozen other ideas to get the eyes and fingers working together and to refine muscle movement in the fingers; the point is that you can intentionally set out by just encouraging some fun based experiences.

Peter Vernon
P-4 Sub School Leader

Year 2/3 Science

The class are working on the topic ‘Melting Moments’ at the moment. A Homework booklet was ‘Run, run, runny’ was given out on Monday. Five students have already returned their booklets. These booklets are due on the June 19th. Well done to these students.

Annette Burgstett

ART NEWS

Art material call out – we are hoping to gather approximately 20 washed 3L milk bottles (with lids) for an upcoming project please!

With thanks,
Samantha Heaslip

Middle Years Captain's Report

This week we have finalised the plans for the working bee. We're hoping to get a lot of things fixed up. Please come along and help. We hope you all have a great weekend. Oscar and Zoe

Bloomz – Year 6

This week, Year 6's have been busy writing narratives and working on prime numbers. Year 6 parents, please join Bloomz (www.bloomz.net) to see what your child has been up to.

Badminton Report

Last Thursday some Year 7/8 students represented East Loddon P-12 at Interschool Badminton. All students participated in an extremely positive way; trying their best and encouraging their teammates. As always, we were extremely competitive against the much larger Bendigo schools. Especially impressive was the way the Year 8 girls responded when they were announced the winners, only for a recount to have them placed 2nd.

Year 7 Boys – 2nd Year 7 Girls – 2nd Year 8 Boys – 3rd

Year 8 Science

Students have recently completed a unit on Chemistry. They have been looking at what chemical reactions are and how they can be sped up. We completed this topic with a test last week, and I am extremely impressed with how hard everyone worked to prepare and how much students were able to apply what we had learnt. Great job! Mr Cameron.

East Loddon Working Bee

When: Tues 20th of June after school – 3:30 onwards.

Where: East Loddon P-12 College.

Please all come along and help, free barbeque tea provided afterwards.

Please email us at cameron.andrew.t@edumail.vic.gov.au if attending.

Organised by Zoe L and Oscar H – Middle Years Captains

Year 7 Maths

The Year 7s have recently completed another Maths Pathways test, with Alicia H and Molly M both achieving the highest growth rate in the class with a growth rate of 167% and Kaylah A reaching a new level! I was really pleased that over half the class achieved a growth rate of 100% or more again, with a class average of 95% for this test.

We've been looking at data in our other lessons, displaying data in charts and calculating the mean, median, mode and range of the class's results from fitness activities performed with Mr Clayton. Students have a homework task on data due on Monday 5th June 2017.

Mrs Johns.

Year 8 Humanities

Our Year 8's have been presenting posters on different environments. They look amazing and are full of interesting information. If you get a chance to see them, they will be displayed in the Year 8 classroom. Our geography unit will culminate this week using geographical knowledge to create and describe a complex overlay map, analyzing why our population lives where they do in Australia. Our next Humanities unit will be the Middle Ages.

Mrs Twigg.

Year 5's investigating the maths of fidget spinners

Deutsche Nachrichten

The AGTV Poetry Competition Regional Final will now be held on Friday 21st July (the first Friday of week 1 in Term 3) not the 28th July as mentioned last week. This week Klasse Preps have continued to work on the song 'Regen, Regen'. The singing sounds really good. Klasse 1/2 have been learning the song 'Hans Nasens Fahrrad' (a bike song) as part of their Transport theme. Klasse 2/3 are learning to say what clothes items they are wearing. There have been a few giggles and smiles when certain clothes items (the ones which are worn underneath) have been mentioned. Klasse 3/4 will be presenting 'Es war eine Mutter' this week before beginning work for the Poetry Competition. Klasse 5, 6, 7, 8 and 9 will be starting work on the poems for the Poetry competition next week. Selections will be in the final week of Term 2. This will also give students an opportunity to work on their poems during the holidays.

PA NEWS

Parents Association FRUIT & ORNAMENTAL TREE FUNDRAISER

Orders close next Friday 9th June 2017

Once again, the College Parents Association are running the **Fruit & Ornamental Tree Fundraiser**, providing family, staff and members of the community with access to reasonably priced and excellent quality trees. You will find the listing of available trees and an order form attached to this newsletter and also within the **Skoolbag App**. You can easily forward the listing and order form onto family and friends from within the Skoolbag App.

When you have completed your order form, not forgetting to add \$4 per tree – (this amount being the fundraising component for the school parents association) return to the school office or directly in the post or email to Jodie Demeo by **Friday June 9th**.

Trees will be available for collection from the East Loddon Community Centre around mid July.

All trees, with the exception of the listed container plants, are bare rooted, so they will need to be planted in their forever home or in a temporary home soon after they are collected.

Orders close next Friday 9th June!!

If you have any queries, please contact Jodie Demeo on 0427 471 327.

Please check out the weekly school newsletter for news of what's happening at the College. The front page always has a brief summary of important dates to remember. If you are not sure of anything, please either ring the school to check or ask on the PA Facebook page and we will help you. It's all about communication and working together. Thanks heaps.

Senior Sub-School

Senior School News

VET Taster Day coming soon

Yesterday our current Year 9 students were offered the opportunity to attend a VET Taster Day in Charlton on Friday 23rd of June. Students received consent forms and information about the day. It is a great opportunity to experience first hand a range of VET subjects without any long term commitment at present. If students are interested they would then have the opportunity to study one of these VET subjects at either East Loddon P-12 College (Building & Construction or Engineering) or other VET subjects such as, Agriculture, Hospitality, Sport & Recreation, Health Services Assistance, Automotive, Hairdressing, Animal Studies, Community Services, Beauty Services and Music at Charlton in 2018.

If students are interested in attending the taster day, they are urged to return the consent form and \$10 payment by Monday 5th of June. I only have 11 places available, so the process will be determined on a first in, first served basis.

Typically, this taster day opportunity would also be offered to Year 10 & 11 students, however, on this particular day, Year 10 & 11 students will be at work experience.

Year 12 Scholarship Opportunities

Year 12 students that are interested, passionate and keen to study at La Trobe in 2018 are encouraged to speak to myself about the **La Trobe University Aspire Program** which applications open today. I have also mentioned this to students during reading time.

Macpherson Smith Rural Foundation Scholarship – this Year we can nominate three students from our College. I am encouraging students to let me know by Monday 19th of June if they would like to apply for this scholarship. It is \$15,000 / Year over three Years.

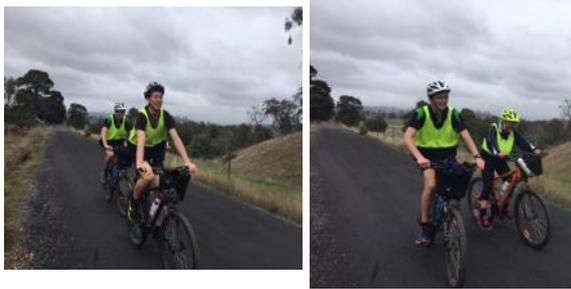

Year 9 & 10 Outdoor Ed Bike Camp

Last week I provided a brief snap shot of our Bike Camp to date, at that stage I was really impressed with the group's ability to ride together, work together and support each other along the undulating hills. That was my 6th Bike Camp, and in all that time, that was my first group where ALL students rode the entire way. I was truly impressed and proud of their efforts.

Students rode from Trawool to Alexandra on the first day, where we camped the night at the local caravan park. We then departed early in the morning towards Lake Eildon

via Cathkin, Yarck and Merton. We arrived at Bonnie Doon in perfect time to have lunch and return to school. In total the students rode 115km. When asked what would they change for next Year, some students asked if we have an extra day on the camp and padded bike seats.

Special mention to Sue Allen who also attended the camp as support crew, and drove the bus along while we rode our bikes. The students were very thankful and appreciative of her encouragement and company.

Australian Synchrotron Excursion report from Mr Cameron

Last Monday the Year 11 Physics class visited the Australian Synchrotron to explore how our current understanding of sub-atomic particles is used. We learnt that a synchrotron speeds electrons up to near the speed of light and, by using 6 ton electromagnets, cause the electrons to emit high energy x-rays. These x-rays have many uses, from determining the formation of proteins to developing cures for leukaemia. It was also interesting to see how different areas of science work together in the real world.

External Employment Opportunities

Apprentice Glazier position and a window assembler (factory based) in the Bendigo area.

Both positions will be for under 21 Year old's only at this stage, due to the Adult Wages which apply for 21 Years and over. For both positions, applicants must be motivated to achieve tasks set; be physically fit as heavy lifting will be involved, be accurate and highly aware of OHS requirements (White Card would be handy). Excel at Maths, due to measuring and sizing jobs
The Apprenticeship will require a current Driver's Licence to get to work sites; tool knowledge; reading drawings and plans. Applicants must register on the Gateway Website, and complete and send their results with their resume to me. The Window Assembler, resumes to Deb, preferably with ref checks completed. Mainly fitting glass in fabricated frames; tidying of workshop area; using some tools, and setting agents.

Also, we have two new courses on scope as apprenticeships through Bendigo TAFE.
Certificate III in Barbering – three Year apprenticeship – queries to Julie Mott on 54341 754.
Certificate III In Concreting – aimed at new workers in the concrete industry. Please see attachment.

**Thanks for your time,
Sarah Byrne

WORLD NO TOBACCO DAY, 31ST MAY 2017
“TOBACCO - A THREAT TO DEVELOPMENT”

Tobacco control can break the cycle of poverty, contribute to ending hunger, promote sustainable agriculture and economic growth, and combat climate change. Increasing taxes on tobacco products can also be used to finance universal health coverage and other development programs of the government. This is the message from the World Health Organisation (WHO) to increase awareness of World No Tobacco Day.

WHO states that it is not only governments who can step up to tobacco control efforts: people can contribute on an individual level to making a sustainable, tobacco-free world. People can commit to never take up tobacco products. Those who do use tobacco can quit the habit, or seek help in doing so, which will in turn protect their health as well as people exposed to second-hand smoke, including children, other family members and friends. Money not spent on tobacco can be, in turn, used for other essential uses, including the purchase of healthy food, healthcare and education.

For more information and FREE support, tips and advice about quitting smoking contact the Quitline, ph. 137848 or go to www.quit.org.au or contact School Nurse Denise Leed

KFC – Kids Friday club

Our final KFC for Term 2 is tomorrow June 2nd.

All children in Prep to Yr 6 are welcome to come along and join in. Meet in the Multipurpose room straight after school until 5pm.

Kids remember to bring – your signed consent form, a bus note, a gold coin (all in an envelope if you haven't already) and a simple snack to share for afternoon tea (not containing nuts).

If your child has never been to KFC before and would like to come along – they are most welcome.

On Sunday June 4th we are heading to Powlett Plains Uniting Church for a family service beginning at 11 am with a bring and share lunch to follow. And a lolly hunt for the children in between.....

All families welcome 😊

There are spare seats in cars for children who need a ride over.

Celebrating 100 Years of Lions International And 35 years of Lions in East Loddon

On June 7th, 1917, Melvin Jones, a 38-year-old Chicago business leader and members of the "Business Circle of Chicago" became the "Association of Lions Clubs" - the rest is history. As Lions approaches its 100th anniversary this year, its moment to look back on our long and proud tradition of service and the numerous achievements of our association and Lions around the world. Lions help millions of people around the world each year in 4 main areas—Sharing the Vision, Engaging our Youth, Protecting the Environment & Relieving the Hunger.

The first Australian Lions Club was formed in Lismore on July 1st, 1947, largely through the efforts of William R. Tresise.

The Lions Club of East Loddon was formed in 1982 - this year, in October, we celebrate 35 years of service in the East Loddon Community.

To commemorate this auspicious occasion, the Lions Club has asked for the Students of East Loddon P-12 College and the Dingee Preschool to be involved in some way. The older students are helping paint a mural for our Lions Den and we are asking the students in Kinder to Year 4 to participate in a colouring competition. Entries close on Friday 26th May 2017 and Winners will be announced in June at our 100 year celebration. There are 3 categories—Kinder & Prep, Year 1 & 2, Year 3 & 4. One winner from each group will be selected by Lions members.

We would like to invite parents, family & friends to join us to celebrate this very special achievement for Lions.

Wednesday 7th June

At the Lions Den (across the road from the school)

12.30pm for BBQ Lunch (*gold coin donation*)

1pm for unveiling of the Mural & announcement of competition winners

RSVP for catering please to Jo (0428 366 220) OR Ron (5436 6274)

Or email eastloddonlionsclub@gmail.com

EVERYONE WELCOME to help us celebrate this incredible milestone

Lion Jo Guthrie
Secretary, Lions Club of East Loddon

Visual Communication and Design Survey

My name is Brittany Henderson and I am doing Unit 3/4 in Visual Communication and Design. For this unit as my final SAT folio, I am creating a survey to help with my research and the design of a logo and a floor plan for a fictional childcare centre in the town of Raywood.

It would be fantastic if the survey below could please be completed and emailed to brittanyhenderson99@gmail.com, or handed into the school office, before Thursday 8th June 2017.

What industry are you employed in? _____

Do you work...

A. Casual B. Part time C. Full time D. Other _____

In which town/area do you live? _____

Do you currently have children of school age? Y / N

If YES, what ages are they? _____

If NO, have you had children in your care of school age in the past? Y / N

Do you currently/have you previously had your children in childcare? Y / N

If YES, where? _____

Would you travel to Raywood for childcare? Why/Why not?

What factors help you/would help you decide on the best childcare facility for your family? (i.e. cost, location etc.)

What important qualities do you value when choosing childcare? (Please circle all that apply)

Safe Supportive Education Local Respected Professional

Other: _____

What imagery, colours and words do you associate with Raywood and surrounding areas?

Thank you for your time, your help is much appreciated.
