**Yr 2-6 Jets Gymnastics Excursion**

**30th End of Term 2  
Early 2.30pm finish**

**Causal Dress Day**

**Come Dressed in your HOUSE**

**Colours Gold Coin Donation**

#### JULY

**17th Term 3 begins**

**20th Loddon Mallee Cross Country**

## From the Principal

### Trialling A New Way To Communicate Proposed Dates

As of today's newsletter edition, the College will trial a new system of advertising proposed dates for upcoming College events. Mrs Cutting will now include a calendar of proposed upcoming dates for at least a 4-week period in order to allow families to plan at least a month ahead.

We would be very interested in gathering community feedback on this change to the way in which dates are forwarded to the community, and welcome this through the College Office.

### Super Effort Keira!

Year 6 student Keira L is our latest up-and-coming Kettlebell champion, with an outstanding effort in the recent Athletica Classic in Bendigo. Keira has joined teacher and world champion kettlebell lifter, Mrs Lethlean, for lunchtime sessions throughout the course of the past year and has made giant strides in the sport. Keira thoroughly impressed with her recent efforts, where she managed to lift over 1 tonne, in the allocated 10 minute time frame.

Super effort Keira!!!

(For those who have not yet heard, Mrs Lethlean and Year 8 student Georgia W, both feature in a kettlebell article in the current edition of Bendigo Magazine.

### Bunnings BBQ at Epsom This Sunday

Students attending our Turkish Exchange in 2018, will conduct another fundraiser this weekend when they occupy a couple of spots at Epsom Bunnings on Sunday. Students, along with their families, will be cooking up a BBQ and also selling raffle tickets to raise further funds towards this trip. If you are in Bendigo on Sunday and looking to purchase a toll of some sort, consider doing this at Epsom Bunnings, and also grabbing a few yummy sausages at the same time.

### More Pineapple Chart Activities!

This week I have thoroughly enjoyed having some delightful Year One students come and read to me in the Office. Ruby C and Paige S both read picture story books to me with a tremendous amount of expression and fluency, and also displaying the ability to make predictions about the text and retell the story to another member of office staff. Sarah D and Teagen V also treated me to a mathematical card game today, clearly explaining all of the rules associated with the game and ensuring that I understood how to make 'bonds' with the cards. We ended up with 4 bonds each and had a really enjoyable time playing the mathematical game together! Sarah and Teagen were then actively engaged in a Prep, 1 and 2 mathematical collaboration session which saw each of the classes teach the other year levels how to play a mathematical game. There was a fantastic feel within the room and a great deal of teaching and learning taking place. (If you are the parent of a Prep – 2 student, see if they can explain these games to you tonight).

## Respect - Resilience - Responsibility - Relationships

Whilst I was in the P-4 area today, I also took the opportunity to quickly pop in and see our wonderful Year 3 and 4 classes as they rehearsed for the upcoming Lions Junior Public Speaking Competition. It is fair to say that our judges will be amazed at the high level of Public Speaking, that will once again be on display next Thursday! Our students really do do such a great job with their poise, expression and voice projection when speaking to an audience, and this is a real credit to the students, their families and their teachers! Good luck to all involved in this terrific event!

### PLC Visit

Tuesday of this week, saw myself, Mr Vernon and Mr Wilkinson meet with our Senior Education Improvement Leader, Damien Jenkyn and one of Professional Learning Community coaches, Anita Corr. Discussions held on Tuesday revolved around the initiative itself, which will see College staff form 3 small teams who conduct classroom visits/observations with a focus on embedding our agreed learning and teaching model, known as ILEARN. This initiative sees myself, Mr Vernon and Mr Wilkinson receive 8 days of expert tuition throughout Semester 2, and should see the College further develop a greater level of consistency with teaching and learning across the College.

### Middle Years Working Bee

A huge thankyou is extended to all who attended the Middle Years working bee this week. There were a great deal of students, staff and family members on deck, with a great deal of work carried out within the allocated time. Well done to Middle Years student leaders, Oscar H and Zoe L, for this tremendously successful initiative!

### Year 10 and 11 Work Experience

We very much look forward to the return of our Year 10 and 11 students from a busy week of Work Experience, in which our students have been exposed to the rigors and expectations of the workforce. I have been in regular contact with Miss Pilkington and Mrs Heaslip, who have accompanied our Year 11's in Melbourne for the large majority of this week, and it appears that the week has been a huge success!

Although writing this before my visits, I am excited to be visiting a couple of Year 10 students today at their work places in Bendigo.

### Youth Mental Health First Aid Course – Only 2 places left!

In 2016, the College was fortunate enough to be able to host a Youth Mental Health First Aid Course, which was well attended by the College community and spoken very highly of by participants. Once again this year the College will host a course, with Mr Greg Currie once again presenting. The course is planned for Thursday 27<sup>th</sup> and Friday 28<sup>th</sup> of July, and will be held from 9:00am - 12:00pm and 1:00pm – 4:00pm each day. The target audience for this course is parents, community leaders and sporting club leaders, as well as education staff.

**Please make contact with the College office to express an interest. Names are required asap in order to ensure a placement in the course.**

For further information on this course please take a look at the following link - <https://mhfa.com.au/courses/public/types/youth>

I hope you have a great weekend.

**Steven Leed**  
College Principal

**Year 12 Band**

On Friday afternoon a group of Year 12 students began rehearsing for a special music recording project that they will be undertaking in Melbourne next term (more details to come in future newsletters). Our Prep students were very lucky to sit in on a three-minute snapshot of the first rehearsal, featuring two of the Year 12 students who will be participating in this project. The Prep students loved dancing to Nick K playing the drums and Tom B on the electric guitar. Stay tuned for more exciting news from this band.

**Miss Harrington**

**Kettlebell Athletica Classic in Bendigo Results**

Kiera Lawry, a very dedicated quiet achiever, has been sneaking into lunchtime kettlebell classes for a little over a year. During this time, she has proven herself to be a very talented girevik (that's Russian for kettlebell lifter). Last Saturday, her very proud parents, equally proud teacher and team mates watched her lift an 8kg bell for 10 minutes in the discipline of snatch. She achieved a total of 147 repetitions, totalling an impressive 1,176kg. In other words, she lifted over one tonne and she is only 11 years old!! Kiera, you are a superstar and clear evidence of what can be achieved with hard work and dedication. Very well done. Mum and Dad, start saving for Italy!!

**Hayley Lethlean**  
**IKSFA Level 1 Coach**

**Casual Dress Day Last Friday of term**

Which House will show the most house pride?

**Evans, Laird, Long, Shaw?????**

Students are to come dressed in their house colours and we will judge the Best Dressed House on the central lawn at the beginning of lunchtime with everyone in the winning house receiving a small prize.

Gold coin donation required for participation which will go towards College projects later in the year.

**P-4 Update**

**Building Strong Foundations**

**P - 4 Sub-School**

**STUDENT OF THE WEEK**

**Prep Caitlin for great spelling choices in her writing.**

**Year 1 Noah for sounding out in words.**

**Year 2 Jayde for her positive attitude and growing confidence.**

**Year 3 For her growing work ethic and help in the room.**

**Year 4 Joseph for great effort in his Maths and in particular, his times tables.**

**You Can Do It! (Organisation**

**Prep—Oliver**

**Year 1—Sienna**

**Year 2—Reid**

**Year 3—Keira**

**Year 4—Ava**

**Reading Clubs**

<b>125 Nights of Reading</b>	<b>Y4-Joseph Y2-Billy and Georgia Y1-Paige, Ruby C. Oscar, Archer and Sienna Prep- Logan, Lucy, Tom, Caitlin, Oliver, Jessica and Zali</b>
<b>100 Nights of Reading</b>	<b>Y3-Darcy Y2-Piper Prep- Travis and Lucas S.</b>
<b>50 Nights of Reading</b>	<b>Prep- Deisel</b>

**Prep Letter in Focus**

Our Prep students are learning about the 'k' sound, paying particular attention to the letters 'k' as in 'kite' and the 'c' as in 'cat'. The 'u' as in 'Umbrellas up' is the second sound being consolidated.

**Prep Words To Fluency**

This week's words (of incredible relevance to all parents) are 'yes' and 'no'. We are always using these words verbally and now it is important to reinforce the written forms.

**Lions Club Junior Public Competition** School Based Competition

The inter-class section of the Lions Club Junior Public Speaking Competition will be held on Thursday 29<sup>th</sup> July in the College Library. The Years 3 and 4 are currently in the process of determining their finalists and relevant parents will be notified ASAP, should they wish to attend. If you wish to attend, please be seated in the Library by 9am for a 9.10am start.

**Numeracy Information**

Today our Prep to Year 2 students again participated in a multi-age numeracy session where students share an activity or skill they have learnt in their own class with students at different levels. The highest level of learning is demonstrated when someone is able to teach the new learning to others.

Numeracy has a number of different components. In the accompanying pictures, some Year 1 students are using balance pans to measure and compare the mass of a variety of objects.

**Literacy Hints**

Memory plays an important role in your child's learning. Spelling and word recognition are two areas where memory impacts on retention, both short and long term. You can help your child to develop their memory skills by playing memory games. These may be card games, computer generated games or commercial games. Playing games is also a great bonding activity.

**Tissues**

With winter upon us, it would be great to have some boxes of tissues which can be shared in the class. Thanks to the parents who have already send a box along. If you have not already done so, and are able to help out, we would really appreciate your support.

**Peter Vernon**  
**P-4 Co-ordinator**

**Deutsche Nachrichten**

This week Klasse Preps have learnt a new song, 'Alle meine Entchen' (all my ducklings). Klasse 1/2 have been learning the plants and animals of the forest. Klasse 2/3 have been writing sentences about the clothes they would be taking with them on a holiday. Klasse 4 to 8 have continued to work on their AGTV poems and students who are going to try out for a place in the Regional Final in Bendigo, have been practicing their poems at lunch time as well as during lesson time. The Regional Final will be held on Friday 21<sup>st</sup> July at Bendigo South East College, the first Friday in Term 3. Permission forms should be give out by the end of next week.

**Annette Burgstett**  
**German Co-ordinator**

**Year 2 Maths**

During the Maths lesson which I take with the Year 2 class, our topic has been Measurement-centimetres. The students were given an A5 and A6 piece of paper and they had to see who was able to cut the **longest single unbroken** strip of paper. You could have heard a pin drop with the concentration that was going on. This week Paige J McC did extra Maths homework. She got herself an A4 piece of paper and started to cut. Answer in next week's Parents Newsletter.

**Annette Burgstett**

## Middle Years Captains Report

On Tuesday we had our working bee. We put up blinds, finished paving and touched up paint. We'd like to thank everyone who came along and helped out and Mr Cameron for helping us organize everything. We hope you all have a good weekend. Zoe and Oscar.

## Middle Years Working Bee Photos

As Zoe and Oscar have said above, a big thank you to everyone who helped out with Tuesday's Middle Years Working Bee, especially our wonderful parent helpers Tim, Jeannie, Nicole, Adrian, Chelsea, Darren, Kirsty, James and Jenny. It wouldn't have been possible without your assist

## Bloomz – Year 6

Year 6 parents, please check Bloomz ([www.bloomz.net](http://www.bloomz.net)) to see what you child has been up to in their classes.

## Year 6 Performing Art

Students practicing one of their class songs on Tuesday with Miss Harrington.

## Year 7 Maths

The Year 7 class recently completed another test in Maths Pathway, with Philip H and Colby C both achieving 167%, the highest growth rate in the class. Well done, boys! Congratulations also to Philip and Paige B who 'levelled up', reaching a new level in Maths. Mrs Johns

## Year 8 Digital Technology

The Year 8 Digital Technologies class has been working hard over the past term to produce fully functional websites using Microsoft Expression Web. Each page of their website details their learning about a particular aspect of how computers work. This has been a fun new way to demonstrate learning about key topics. The students did a great job creating links, adding text and images, and making their websites visually appealing. Mr Clayton

## Year 7 English

We have nearly finished reading our class text, Red Dog, and we have been practising our reading skills, such as chunking unknown words, re-reading when something doesn't make sense, and stopping to discuss the meaning of unknown words by looking at the sentences around the word ('context clues'). We've also had lots of discussions about ideas in the text. Miss Windridge

## Middle School News

### Lions Club Junior Public Competition School Based Competition

The inter-class section of the Lions Club Junior Public Speaking Competition will be held on Thursday 29<sup>th</sup> July in the College Library.

The Class representatives for the Years 5 and 6 classes are:

Year 5- Isaac, Casey and Amy.

Year 6- Libby, Jade and Steph.

Parents are most welcome to attend and we ask that you are seated in the library by 11 am.

**Senior School News**

**Tertiary Information Session TIS event**

On **Monday 24th of July**, Year 12 students are invited to attend the Charlton Region TIS (Tertiary Information Service) event. The TIS is the official collective of university, TAFE and independent tertiary Colleges who run free information sessions for Year 12 across Victoria. At each TIS event, a panel of experts present information on topics like the VTAC application process, choosing a course, accommodation, scholarships, special admissions schemes, fees and finance, open days and more. Following the presentation there is an expo where prospective students can approach representatives for specific information and collect brochures. Notices which include further information were distributed to students today.

**VTAC information**

Today Year 12 students received a booklet with some information about the ABC of applying for University and TAFE in 2018. I encourage parents/guardians to have a look at this information with their son/daughter. In August the VTAC website will open for students to register and start this process. I will be hosting a VTAC evening in August for parents/guardians and students regarding VTAC, special entry access schemes and scholarship applications. Details regarding this will be distributed to students early Term 3. However, if you have any questions or require further information please let me know.

**La Trobe Uni Information Session**

During period 1 & 2 this coming **Wednesday 28<sup>th</sup> of June** our Year 11 & 12 VCE students will work with guest speakers from La Trobe University. There will be general information about La Trobe University, tertiary study and also study skills or tips for success. Parents/guardians, VCAL students and Year 10 students will also have the opportunity to attend. Information notices will be distributed to students tomorrow. If parents/guardians are interested in attending please let me know prior to the date.

**University & TAFE Open Days**

Within the reports package that will be distributed next week Year 10,11&12 students will receive a printed copy of university and TAFE open days. Many of these take place during a weekend (more so a Sunday). I encourage parents/guardians and students to attend. It is fantastic way to see first hand what the uni or TAFE is like, meet students, staff, find out about facilities and ask plenty of questions.

**VET Taster Day**

Tomorrow I have the pleasure of taking some of our Year 9 students to the VET Taster Day in Charlton. Throughout the day students will have the opportunity to participate in three different VET classes/subjects. We will depart and return in school bus time.

**Year 12's celebrate the half way point**

Our Year 12's appeared a little tired as they approached the half way point of their final year of schooling. Last

Friday we prepared a lunch, drinks and movie afternoon for the students. It was certainly a nice way to relax post the exam stress, but a quiet celebration all the same. Congratulations to the Year 12 group. Advance warning, we will formally celebrate the end of their schooling at the Valedictory Dinner evening Friday 17<sup>th</sup> of November.

**Year 10 & 11 Work Experience**

So many positives stories coming from our Year 10 and Year 11 work experience students. Miss Harrington had the opportunity to visit some students yesterday and noted that Tommy A has been an absolute stand out with his work with Thackers Engineering. His employer raved about him and how impressed they have been that not only is he a great worker, but he is also very polite and can hold his own in a conversation about anything.

**Sarah Byrne**  
**Senior Sub School Leader**

**Year 10 English**

Students are reminded that they will need to have their text 'Night' read over the holidays. As we are just beginning Semester Two classes, you will watch the film 'The Book Thief' and compare and contrast (find similarities and differences) with the book 'Night'. Thus it is an expectation, that your second reading occur during the holidays. Parents, please remind your child of this. If, for whatever reason, you don't have a book, please see me before the holidays to organise one.

**Thanks**  
**Mrs Lethlean**

# Respect - Resilience - Responsibility - Relationships

## Senior Sub-School Cont.

### Year 10 / 11 Work Experience

Melbourne and Bendigo Work Experience is well underway! In Melbourne our Year 11's (and Year 10 Mascot, Stephen) have really impressed so far with their confidence and resilience when navigating their way through Melbourne and meeting their employers. Work has started off well for all, and we're thinking some have realised school isn't so hard after all compared to the work force.

Stephen had a birthday on our arrival on Sunday, apparently they don't make cards in Melbourne, so a napkin card had to suffice!

A big well done to our students have been brave in trying new things, catching public transport, giving it their all at their work place, and even trying Vietnamese cuisine!

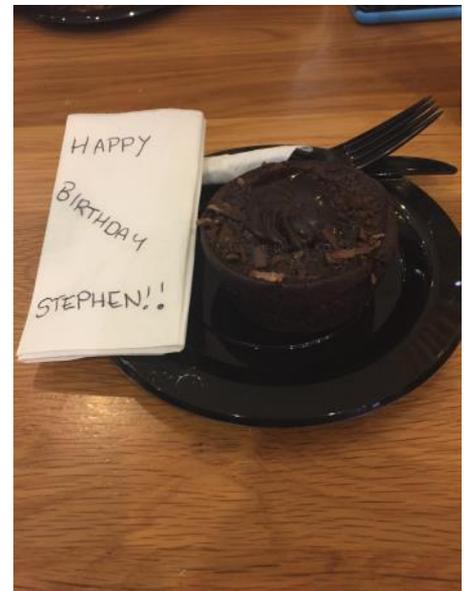

A big well done to all Year 10 and 11 students this week - we're so impressed with your efforts!

More photos to come next week.

Sarah Maher pictured with Jai Courtney after the Mac Beth theatre production (apparently he's famous!)

Emily Arbon posing for an 'awkward' family photos with her two new physiotherapy family (They're so much fun, they're having a daytime disco tomorrow!)

### Sarah Pilkington

## SIX WAYS TO PROTECT YOUR PRIVACY ONLINE

Companies are learning more and more about us through the data they collect from our online activity. Stuff like what we're buying online, the pages we like or follow on social media, the media channels we use and the personal information we include on our social profiles—there's a lot of data to collect!

Sometimes advertisers use this data to target us, for example, you've been shopping online and suddenly the exact item you were looking at appears on your Facebook. Or you regularly watch AFL online then Google reminds you that your favourite team has a game starting soon. This might be convenient at times, but it can also be a bit creepy.

According to statistics from the [Office of the Australian Information Commissioner](#), 79% of us don't want our data shared with other organisations. If you're like me, and prefer that companies not know absolutely everything about you, here are some ways you can protect your information, and limit the amount of tracking by advertisers:

### Delete cookies

Deleting your cookies (not the edible kind), is a good first step in limiting companies' tracking capabilities. Although there are other ways they can track you online, this will reduce some access. You can manage your cookies by going to your browser settings—check out this helpful [how-to guide](#) for specific browsers.

### Log out of social media sites

Try logging out of your social media sites before you start browsing other sites. That means actually signing out, not just closing the tab. Cookies can't persist when you have logged out, but they are allowed to be used when you're still logged in. This can help to limit the amount of information any one website can collect about your online activity.

### Avoid using single sign-on (sso)

SSO is when you sign into an app or online account using a social media account you already have, instead of creating a new account. Using SSO often means you agree that this new account can access all of the information you share on social media. If you can avoid using your social media accounts to sign into other apps or accounts you will reduce the information companies have access to.

### Change your smartphone settings

Smartphones work differently to computers which makes it a little easier to limit the information you share. On an iPhone you can go to Settings >> Privacy and scroll down to Advertising. Turn the 'Limit ad tracking' to 'On'. For an Android phone, go to the Google settings app and tap the ads link and select 'Opt out of interest-based ads'. Although this may not limit the amount of ads you see, it will make them less targeted.

### Limit the amount of personal information you give

Offer the least amount of personal information possible when signing up for things or registering an account—if the information is mandatory, usually the category will display an asterisk. The categories without the asterisk you can leave blank.

### Do a digital check-up

Popular sites and apps like Facebook and Google offer privacy controls. So let's make sure we use them. Every once in a while, check your settings and see if you're okay with how your data is being used or how much information you're sharing with potential advertisers. If you're not okay with your current settings, change it up!

While these steps won't stop advertisements from appearing in your newsfeed or on websites all together, they're a good start to protecting your privacy and limiting the amount of information you provide to online advertisers.

If you would like more information or to subscribe to the eSafety newsletter go to [www.esafety.gov.au](http://www.esafety.gov.au). There is also some excellent information for parents in the section called iParent; the link is on the homepage.

### PA NEWS

**Please remember to read your weekly school newsletter for news of what’s happening at the College.** The front page always has a brief summary of important dates to remember. If you are not sure of anything, please either ring the school to check or ask on the PA Facebook page and we will help you. It’s all about communication and working together.

**Reheating of food** – policy is that students aren’t able to bring food from home to re-heat in the Canteen. It is against food safety regulations. Please consider buying a thermos if you would like your child to have something hot. There is the added option of sandwich toasting on Mondays and Tuesdays and I have spoken with the College who are happy to look into the possibilities of toasting of sandwiches on each day of the week, at lunchtime, near the library, for any student wishing to bring a sandwich from home. This is supervised by the teaching staff as the sandwiches are hot. This has been a great initiative and well utilised. Huge thanks to the school for offering this service.

### Next P.A. Meeting

**1<sup>st</sup> week of 3<sup>rd</sup> Term – Date and time in next weeks newsletter**

**At the East Loddon Community Centre**

(building beside entrance to school)

**Everyone welcome – Cuppa & cake included!**

Leanne Welsh

## **Become an Activity Explainer at Discovery!**

### **What Activity Explainers do:**

Activity Explainers help visitors make a simple project and explain the science behind the activity ... all while smiling and being friendly. Volunteer with a friend! Let us know so you can come along at the same times.

### **What Discovery provides for Activity Explainers:**

- Training in how to complete the project and how to explain all the science you'll be using
- A safe and fun volunteer environment and a welcoming team
- Chances to ride the vertical slide, see the Bendigo Planetarium and science shows
- A 20% discount at our shop (ask for details)
- Certificates of Volunteer Service (equally suitable for your fridge or CV)

**Interested? Please contact us: 03 5444 4400 or [volunteer@discovery.asn.au](mailto:volunteer@discovery.asn.au)**

### **Important Dates:**

**Training: 4-6 pm, Monday June 26th at Discovery.**

**RSVP: Friday 23rd June**

**School Holidays: Saturday July 1st – Sunday July 15th**

**7 Railway Place, Bendigo | 5444 4400 | [www.discovery.asn.au](http://www.discovery.asn.au)**
